

HERD DISPERSAL

JUNE 5, 2024 - 11:00 AM

Heartland Livestock - Yorkton

Cattle Producers:

Next week, in conjunction with our regular sale, we are holding a herd dispersal of 40-50 Cow/Calf pairs.

All pairs are Red Sim/Angus Cows with Red Sim calves at foot.

Pairs are coming from a very reputable herd. Opportunity knocks here folks! With the grass growing well it's a great time for young, quality, replacement Cow/Calf pairs!
